

Y Kant Tori Read, You Go To My Head

Sweet love, hello
make a slave of me
I should have more control
little dove, hello
you take full advantage
of my open window
When the cold of the night has washed away
all I want is to wake in your arms
and I know that I shouldn't let you stay
but I'm a lush for your love
You go to my head
You go to my head
You go to my head
and you know I can never say no
to you and your friend
You call, oh no
you know you want him
boy, your heart swings in the wind
from rose to rose
honeybee
go home
please stay
to that warm nest
you left
minutes ago
Yes I understand you give your time
can't you see I've given my heart
all that light in your eyes is from the wine
I'm such a lush for your love
You go to my head
You go to my head
You go to my head
and you know I can never say no
to you and your friend, yeah
Hey, I'm a lush, baby
for your love, yeah
You go to my head, c'mon
You go to my head
You go to my head
and you know I can never
never, never say no
You go, go to my head
You go to my head
You go to my head
Hey, when you get here
go, go, baby
when you go there
I, down there
the cold washed away
go to the night
washed away
go to the night
washed away
yeah
