

# Yaki-Da, Just A Dream

I'm just a dream.

Fade away now.  
Fade away now.

I'm just a dream,  
Go back to where you came from;  
When there's a problem,  
You go there;  
Up to your highlands,  
Doing what you don't dare;  
So fade away and leave me here.

Fade away now.  
Fade away now.

I'm just a dream.  
Oh-oh-oh-oh  
Oh-oh-oh-oh  
I'm just a dream.

Would you believe in changing places?  
I could be you for just one day,  
So I'll see;  
How does the world turn out from your side?  
It is hard living in between.

Fade away now.  
Fade away now.

I'm just a dream...

Are you a knight hunting for treasure?  
Take me along, I'll be your queen;  
Let me see;  
Who is the person on my sofa?  
Are you yellow or brave today?

Life is a beautiful thing,  
I know that;  
But you don't know what I'm going through,  
No-oh-oh-oh.  
You never question the things you don't see,  
'Cause you're living in a dream world of you own.

Hmm-mmm-mmm-mmm

Fade away now.

I'm just a dream.  
Oh-oh-oh-oh  
Oh-oh-oh-oh  
I'm just a dream.

I'm just a dream.  
Oh, I'm just a dream.

I'm just a dream...

I'm just a dream.

I'm just a dream...
