

Yasmeen, More Than Friends

let me know, you gotta let me know
let me know, you gotta let me know

(Verse 1)

tell you what i think about you
tell me what you think about me
boy i cant even lie i think about it constantly
baby you been on my mind, and I really want to see
how you feel about me so you gotta let me know
we've been kickin' it for awhile, and i really like your style
your personality, its the cutest thing i've ever seen
maybe i could be down for you, if you really down for me
aint no doubt about it, i want you on my team

when its only right do you feel like
there's no place you'd rather be oohh
and it so obvious the two of us
go together so i was just thinking (i was just thinking)

(CHORUS)

just thinking that, maybe we should be a little more than friends
cuz i like the way we kick it and i don't want this night to ever end
said i only wanna be with you
i was just thinking that
maybe we should be a little more than friends
cuz i like the way we kick it and i dont want this night to ever end
said i only wanna be with you
i was just thinking that

(Verse 2)

tell you what's in my heart
tell me what's on your mind
boy i know you're feeling me cuz i can see it in your eyes
