

# Yeah Yeah Yeahs, Diamond Sea

[Originally by Sonic Youth]

Hoo hoo hoo hoo  
Hoo hoo hoo hoo  
Hoo hoo hoo hoo

Time takes its crazy toll  
And how does her mirror grow?  
You better watch yourself when you jump into it  
Cause the mirrors gonna steal your soul

I wonder how it came to be my friend  
Someone just like you has come again  
Never, never know how close you came  
Til you fall in love with the diamond rain

Throw all his trash away  
Look out, hes here to stay  
Your mirrors gonna crack when he breaks into it  
Never, never be the same

Look into his eyes and you can see  
Why all the little kids are dressed in dreams  
Wonder how hes gonna make it back  
When he says you know its make-believe

Hoo hoo hoo hoo  
Hoo hoo hoo  
Hoo hoo hoo hoo

Black crystal lies to sand  
Now I hope you will understand  
Reflected into his broken glass soul  
Now the mirror is your only friend

Look into his eyes and you will see  
Youre never not alone on a diamond sea  
Sail into the heart of a lonely storm  
And tell her that you love her eternally

Hoo hoo hoo hoo  
Hoo hoo hoo  
Hoo hoo hoo hoo  
Hoo hoo hoo
