

Yeah Yeah Yeahs, Warrior

When its missing then you want it more
It isnt right
Turning, turning out the door
And back to this
Leave it like it was before
And let me out
Mustve been the end of the story

Giving it all, giving it all away
Youre gonna wake up someone
Well study it all
The wings, the crowd, your face
Youre gonna end up like one

Well, trouble at home
Travel the way you say
The road dont like me
Travel away
Travel it all away
The roads gonna end on me

Man, they like me
Cause Im a warrior, a warrior
Stand on my feet
Dance the warrior, the warrior
Where would I be?
Id be a warrior, a warrior

Now the strangers have caught on
And theyre riding in the backseat
The rivers gonna wash all
Yeah the river it spoke to me
It told me Im small
And I swallowed it down
If I make it all
Im a make you want me

Hey!

Trouble at home
Travel the way you say
The road dont like me
Travel it all, travel it all away
The roads gonna get on me
And Im small
The roads gonna get on me
Well if it gets it all
The roads gonna end on me

Hey!
Hey, hey!

Like a warrior, a warrior
Dance the warrior, the warrior
