

# Year Long Disaster, It Ain't Luck

She don't seem to worry  
I don't seem to mind  
We don't need to rush, little girl  
Take our precious time  
You know when you get there  
You know just what to do  
It don't  
It don't bother me  
It shouldn't bother you

Do what you want to  
Do what pleases you  
Do what you oughta do  
This time

Cause it ain't luck  
Sure ain't talk  
I make it easy babe  
So come on

Cause it ain't luck  
Sure ain't talk  
I make it easy babe  
So come on  
come on now

Feel like the old days  
When I'm alone with you  
Lay down together girl  
kick off both my shoes  
We never seem to hurry  
no, don't seem to care  
meet me on with you little girl  
wrap me in your hair

Do what you want to  
Do what pleases you  
Do what you oughta do  
This time

Cause it ain't luck  
Sure ain't talk  
I make it easy babe  
So come  
So come on

Cause it ain't luck  
Sure ain't talk  
I make it easy babe  
So come  
So come on now

Cause it ain't luck  
Sure ain't talk  
I make it easy babe  
So come  
So come on now

Cause it ain't luck  
Sure ain't talk  
I make it easy babe  
So come  
So come on now
