

Yeasayer, Silly Me

Silly me, overreacting
Need to back this smile
Apologies, swear not to disagree anymore
I still know my reach
What am I supposed to say?
I would tell her I'm sorry
I wish wasn't be one step too late

Silly me, where's my head?
I can't believe now it's over
This it would be, oh, yes it was in for
Silly me, silly me
Silly me, where's my head?
I can't believe now it's over
This it would be, oh, yes it was in for
Silly me, silly me

She said: "Are you kidding me?"
Your narcissistic behavior
Has been killing me for three years
Or maybe more
I could tell that your love was
Torn out in abuse
You're just a jackal in older
My finder knew a muse

Silly me, where's my head?
I can't believe now it's over
This it would be, oh, yes it was in for
Silly me, silly me
Silly me, where's my head?
I can't believe now it's over
This it would be, oh, yes it was in for
Silly me, silly me

Suppose our bodies now agree
I'm riding down the royals fee
With crystal ball now I can see
That I'm a man of no degree
She never thinks I'm rich or poor
And with my knees down on the floor
I am a toddler reach the
I have faith that you know more

Silly me, where's my head?
I can't believe now it's over
This it would be, oh, yes it was in for
Silly me, silly me
Silly me, where's my head?
I can't believe now it's over
This it would be, oh, yes it was in for
Silly me, silly me
