

Yello, Do It

I'm walkin' downtown
No lookin' around
'Cause I'm a fool and a half
Blessed and beaten by love

I walk in the direction
But then I stop the action
'Cause when I try to do it
My heart is gone, I blew it

Do it...do it...

I'm going on and on, just on and on
Just walkin', talkin', not a winner at all
I'm boozing, losing, getting out of control
She dances hip-hop, she's on the top
I'm still a fool and a half, blessed and beaten by love

Do it...do it...

I'm walkin' back home
Keep lookin' around
Still a fool and a half
Blessed and beaten by love

She walks in my direction
Why don't she start the action
I got no guts to do it
And then she's gone, I blew it

Do it...do it...
