

# Yello, Jungle Bill

The moon is a drop in a black hole  
The sun is a hell of a light  
But nobody's blue is brighter  
Than the blue in my baby tonight

A man is a snake in the autumn  
Maybe dew [baby-do] is making him wretch  
Oh man was it dark in the jungle  
His heart is an empty fretch [thretch? ]  
A man is a duck in the jungle  
Who's lost in the big bamboo  
Snake jumps out of the fire  
And it's cryin' [goin'] for baby-do

The moon is a drop in a black hole  
The sun was a hell of a light  
Oh man I'm gonna have my ice cold  
Baby-do is out of sight

I'm in danger  
In your jungle  
I'm a stranger  
Land of mambo  
Cause what you do  
Must be voodoo  
I'm in danger  
Oh baby-do
