

Yellow Claw, Invitation (feat. Yade Lauren)

Say, you wanna spent some time
Want someone to do it right
Well, baby, I'm free tonight
Everybody needs that one good fire in their life
And if you wanna burn I got the light
Let my body be your guide
Watch your breathing sync. with me
Keep your hands inside the ride
Thought an everlasting love would end up lost
So we got into it before the Moon is gone

No looking back
Eyes on Mine!
Need to live and let go
Since we met
On my mind
You've been on it the most
You can take it how you want it
You know, the invitation is open

I give my every, I give my everything and for what?
Love and devotion – you don't know what that means at all
You give your every, You give my everything and for what?
Love and devotion – that is all I really need and want!

No looking back
Eyes on Mine!
Need to live and let go
Since we met
On my mind
You've been on it the most
You can take it how you want it
You know, the invitation is open
