

# Yellow Hammers, When Lynda Was Fun

When Lynda was fun  
she used to buy me beer,  
she planned on stayin late,  
and knew that would keep me there  
Yeah, about the time I'd be goin down  
she'd blast some seventies sound  
and about the time I'd be gettin hungry  
she fed me love, just right  
but that was when Lynda was fun

(CHORUS)

When Lynda was fun  
she gave me my first guitar  
Then she dyed my hair blonde  
Told me I was bound to be a star  
Well then she booked us a gig  
brought all our friends to come hear us play  
She promised then and allnighter back at her bar  
to guarantee they'd stay...All night!  
But that was when Lynda was fun  
My band's since broke up  
My Lynda she's moved away  
But if there was a way to turn back time  
she'd be here with me  
'cause if I had my way  
She'd never slipped away  
yeah if I had my way  
That little girl would've never slipped away  
Oh, how I miss Lynda,  
when she was fun
