Yellowcard, Light Up The Sky

You're making a choice to live like this In all of the noise I am silence We already know how it ends tonight You run in the dark through a firefight And I would explode just to save your life Yeah, I would explode

Let me light up the sky Light it up for you Let me tell you why I would die for you Let me light up the sky

I can't find a wall to pin this to
They're all coming down since I've found you
I just wanna be where you are tonight
I run in the dark looking for some light
And how will we know if we just don't try
We won't ever know

Let me light up the sky Light it up for you Let me tell you why I would die for you

Let me light up the sky Light it up for you Let me make this mine I'll ignite for you

Let me light up the sky
Just for you tonight
Let me help you fly
'Cause you won't have time
To cover your eyes
And get your disguise
They won't ask you why
They just watch you die

And it's still so hard to be who you are So you play this part And the show goes on But you've come this far with a broken heart Yeah you've come this far And you're broken

Let me light up the sky, Light it up for you. Let me tell you why, I would die for you. Let me light up the sky, Light it up for you. Let me make this mine, I'll ignite for you, I'll ignite for you.

Let me light up the sky, Light it up for you. Let me tell you why, I would die for you.

And it's still so hard to be who you are, But you've come this far with a broken heart. And it's still so hard to be who you are, But you've come this far with a broken...

Let me light up the sky, Let me light up the sky.
