

Yellowcard, Possessions

Possessions

The last thing on my mind
I don't give a fuck about the ties or kind
I don't want all the things you have
I love my life, it really isn't that bad

The last thing on my mind
Is to give a fuck about the ties or kind
On my mind

You are a rich kid with a rich mom and dad
I can have anything I want; I can have anything you have
Have, boats, trains, planes, or cars
I don't have to work, dad will get me really far

The last thing on my mind
Is to give a fuck about the ties or kind
On my mind

(Piano Interlude)

Well, you are a rich kid with a rich mom and dad
Anything I want, anything you have
This whole country could be mine
I have enough money to buy anything anytime
