

Yellowcard, Radio Song Girl

Building trust
And pulling teeth again
Guess she knew that
Good guys never win

Something's poking me
Take this fuckin' feeling
I can't stand too close

But I never thought
That this boy could take them all
I was wrong, so wrong

I guess I'm too far
Out of her world
Radio song girl
She'll never stumble
Into my world
Radio song girl
It's your world
You're cool

Waltzing down, tripping on your words
To tell her that she's wondrous to you
Going down in defeat
Take this fuckin' feeling
I can't stand too close

But I never thought
That this boy could take them all
I was wrong, so wrong

I guess I'm too far
Out of her world
Radio song girl
She'll never stumble
Into my world
Radio song girl
