

# Yellowcard, Rough Landing, Holly

Left the ground, in black and white  
And when the plane went down, the colors all around  
I know by now, the marching slide  
And still I can't get out, she's all I think about  
Can't let her go  
It's who you know

(Chorus)  
We came down to watch the world walk by  
And all she found was trouble in my eyes  
From the sky she pulled me down tonight  
Let her go  
Let her go

She moves fast, takes control  
And like a heart attack I know I can't turn back  
And time just passed, nights moved slow  
And she was all I had, I thought I'd never last  
Can't let her go  
It's who you know

(Chorus)

Let her go...

We came down to watch the world walk by  
And all she found was trouble in my eyes  
From the sky she pulled me down tonight  
She calls out the farther that I fly  
I love that sound so give me one more line  
And from the sky she pulled me down tonight  
Let her go  
Let her go  
Let her go  
Let her go
