Yes, No Opportunity Necessary, No Experience N

(Richie Havens)

Step out in the night
When you*re lonely
Listening for the sounds
That your ears don*t hear
I know your cross is heavier
With every step
Every step
But I know a man
And he*d walk miles for you

Stop, you stay where you are Take a look at yourself Take a good look at yourself *Can tell your momma She*d only tell ya That she told you so The life you*re leading She won*t believe The riches of life We all know

Dawn turns to day
And the dawning
Daytime, nighttime
And we still can*t see
Why must we wait until the morning light
To wake up and be
Wake up and be
Wake up and be

Step out in the night
When you*re lonely
Listen for the sounds
That your ears don*t hear
I know your cross is heavier
With every step
Every step
But I know a man
Who*d walk miles for you

Stop, you stay where you are Take a look at yourself Take a good look at yourself *Can tell your momma She*d only tell ya That she told you so The life you*re leading She won*t believe The riches of life We all know

*Can tell your momma She*d only tell ya That she told you so The life you*re leading She won*t believe The riches of life We all know
