

Yes, Open Your Eyes

You got a great imagination
We carry on
In the same old way
No lessons
Learned
From yesterday
Talk of changes
Lost in pages of paperwork
I believe how can we refuse to see
I've received what could be our final destiny
I believe that still we go on
Day to day
Knowing what could be true
Wish I knew
Wish I knew
Wish I knew
Wish I knew
Open your eyes
And discover
You're not the only one
In disguise
Do you wonder
When the change is gonna come
Open your eyes
You got a great imagination
You've cast the world
You set the stage
For what could be
The darkest age
Short exchanges
From perfect strangers we'll never know
Wish we knew
I believe that it's time to face reality
I've received it questioning the powers that be
I believe it are we too confused to see
Wish I knew
Wish I knew
Wish I knew
Wish I knew
Open your eyes
And discover
You're not the only one
In disguise
Do you wonder
When the change is gonna come
Open your eyes
You got a great imagination
Open your eyes
Show it show it
Wish we knew
I believe that it's time to face reality
I've received it things aren't what they used to be
I believe that what I see in you you see in me
Wish I knew
Wish I knew
Wish I knew
Wish I knew
Open your eyes
And discover
You're not the only one
In disguise
Do you wonder
When the change is gonna come
You got a great imagination

You got a sweet imagination
You got a deep imagination
Show it show it show it
Show it show it show it
