

# Yes, Teakbois

@song: the life and times of bobby dread  
(anderson / howe / wakeman / bruford)  
Jump out this next world  
Is gone overground  
That sky is ecstasy dancin'

My child my woman  
My daughter my son  
Together planning to party

Just wait for me  
Out in the street  
Teakbois in everywhere

Dancing with you  
We're coming thru  
Somehow we'll all be there

This time is surely  
Come once and for all  
We've waited so now  
We are ready

Be quick be ready  
Be sure and be smart  
No need the energy wasted  
I've dreamed of music  
That comes from the heart  
As tho' the eagle has landed

Just wait for me  
Out in the street  
Teakbois is everywhere

Dancing with you  
We're coming thru  
Everyone will be there

She smiles my mind  
Is just blown I can't stop  
No time is better than now

I wake up everyday  
Before the sun is coming up

Bobby dread and the kool running

The fish to catch  
The sea to swim  
They say I gotta life  
To live

Bobby dread and the kool running

My music is my only witness  
To my very soul

Bobby dread and the kool running

So when you need me  
All you have to do is help me  
Lose control

Bobby dread and the kool running

They say the world's a stage  
So let me play for you and you and you

Bobby dread and the kool running

It's all I ever in my life  
I really wanted  
To sing and do

Bobby dread and the kool running

We form a group a simple name  
A secret harmony like

Bobby dread and the kool running

We write our songs  
We symphonise  
Some people say they like us

Bobby dread and the kool running

This summer you couldn't get it
