

# YG, I Dance (ft. Duki, Cuco)

I be in it like Ooh  
That's my shit  
Hittin from the back  
She like that's me dick  
Tattoo the quattro cause that's my clique  
Ahh man I think I love this bitch  
She on top I'm like wow  
Pussy make me curl my toes  
Ignore my hoes and my bros  
Spit in her mouth  
Nut in her nose  
Hit her spot trynna touch her soul

When I'm in it I dance I dance  
When I'm in it I dance I dance  
When I'm in it I dance I dance  
When I'm in it I  
I love this bitch  
I be in it like I care  
We hold hands  
I be in it like I'm young  
But I'm grown man  
I be in it while I'm drunk playin slow jams  
When I'm in it Do my  
Man I love this bitch

Aye I two step when I'm in it  
Throw up the set while I hit it  
Give her like thirty minutes  
She screaming  
Shut up let me finish  
I'm very controlling  
We go up on a Tuesday Makonnen  
Pop my Virga if you trolling  
She let me knock her friends down  
I went bowling  
Aye aye aye aye  
I'm trying to eat that American pie  
She's my type and I know why  
I fuck with her sober and high  
Bang aqui stand in your toes  
Bring your bang  
Drunk me, hittin it with a finger in your ass  
Can I be the one you call to fucking laugh  
I mean I do got all the swag

I be in it like Ooh  
That's my shit  
Hittin from the back  
She like that's me dick  
Tattoo the quattro cause that's my clique  
Ahh man I think I love this bitch  
She on top I'm like wow

Que la trate como nadie la ha tratado (Uh-huh)  
E' que ese culo me mantiene bien calmado (Ooh, yeah)  
E' que ese culo puede parar los disparos  
Creo que nació para mí como yo nací para el micro  
[?]  
Me canta flamenco, pero ya no es española  
Sube de nivel más rápido que sube el dólar

Ooh, yeah, ella nació para esto  
La vi pasar con mi [?] lento  
Se me sube encima y siento que se para el tiempo (Uh-huh)  
Estoy empezando a creer que es verdad lo que siento

Ooh, yeah, ella nació para esto  
[?] su movimiento (Uh-huh)  
Ella es cantante y asesina el pasatiempo  
Y mata la liga pa' pasar el tiempo

I be in it like Ooh

Big boy marijuana, know that's what you like  
Vamos a Habana, let's go catch a flight  
Lo hacemos en la sala, look into my eyes  
Cuando se acabe la noche

Una llamada, baby, I'm just a phone call away  
Ven a mi cama, lady, just when I woke up to stay  
My sinner goin' crazy, you know I put you to sleep  
Cuando se acabe la noche
