

Yngwie Malmsteen, Demon Driver

"My one way ride in dead end street
Leading to victory and glory
You seek I hide you'll find defeat
My future's in the hands of fury
You try - but never win
Can't you see I am the demon driver
Don't lie it is a sin
Cuz you know I am the demon driver
I live to drive and never wait
For guardian angels riding by me
To speed or die I'm never late
Wherever you are there will be
You try - but never win
Can't you see I am the demon driver
Don't lie it is a sin
Cuz you know I am the demon driver
My one way ride in dead end street
Leading to victory and glory
You seek I hide you'll find defeat
My future's in the hands of fury
You try - but never win
Can't you see I am the demon driver
Don't lie it is a sin
Cuz you know I am the demon driver"
