

# Yngwie Malmsteen, Masquerade

You never show yourself  
You're living in disguise  
You keep on runnin'  
And you'll run until you die  
Someday you'll realize  
You made a great mistake  
The devil in your eyes  
You're just a big fat fake  
Break down the falls  
Drop the false facade  
Always in Disguise  
In the mask you made  
Tryin' to hide your eyes  
In the Masquerade  
Why?  
You can't be running around  
Hiding behind your mask  
You can't be shooting straight  
Is that too much to ask  
You played me for a fool  
But the fool was always you  
You tried to be so cool  
But it was never true  
Break down the falls  
Drop the false facade  
Always in Disguise  
In the mask you made  
Tryin' to hide your eyes  
In the Masquerade  
Break down the falls  
Drop the false facade  
Always in Disguise  
In the mask you made  
Tryin' to hide your eyes  
In the Masquerade  
Why?
