

Yo La Tengo, The Weakest Part

Stars will burn
When the sky
In a day that you realize
Your plane(?) would subside
If not for the weakest part

Of your heart
Of your heart

Bells ring out
When you sleep
Too hard to ignore
But kneel like a fool
Just don't see
He plays on the weakest part

Of your heart
Of your heart

(GUITAR SOLO)

If not for the weakest part

Of your heart
Of your heart

Some sunny day
The wind will come along
And stand through dusty sa--?
And your love
? your eyes

Stars could fall right out of the sky
(If not for the weakest part)
Bells could ring till the end of time
(If not for the weakest part)
Someday soon it'll be all right
(If not for the weakest part)

La, la, la.
