

Yoko Kanno, Pushing The Sky

Don't wanna be the one to pop your cherry, girl
Just jump a train that will bring you back to mama's side
Knock on, knock on
Knock on the sky
You keep on knockin' better ask yourself why
Knock on, knock on
Buyin' a one way ticket out of your mind
Knock on, knock on
Knock on the sky
You keep on knockin' better ask yourself why
You keep on pushin' and you will see my chilly yellow eyes
Only one more time
Don't wanna get your teddy bear mad at me, girl
So get your pretty slippers on and dance out of here
Knock on, knock on
Knock on the sky
You keep on knockin' better ask yourself why
Knock on, knock on
Be happy living in your nuclear life
Knock on, knock on
Knock on the sky
You keep on knockin' better ask yourself why
You keep pushin' and you will feel my frozen beastly bite
Only one more time
Pushing the sky
