

Yoko Ono, Power To The People

Power to the people!
Power to the people!
Power to the people!
Power to the people!

Power to the people!
Power to the people!
Power to the people!
Power to the people, right on!

Say we want a revolution,
We'd better get it on right away.
Well, get yer on your feet
And into the street, singing:

Power to the people!
Power to the people!
Power to the people!
Power to the people, right on!

A million workers workin' for nothin',
You better give 'em what they really own.
We got to put you down
When we come into town, singing:

Power to the people!
Power to the people!
Power to the people!

Power to the people, right on!

I gotta ask you comrades and brothers,
How do you treat your own woman back home?
She's got to be herself,
So she can give us help, singing:

Power to the people!
Power to the people!
Power to the people!
Power to the people, right on!

Now, now, now, now!

Oh well, power to the people!
Power to the people!
Power to the people!
Power to the people, right on!

Oh yeah, power to the people!
Power to the people!
Power to the people!
Power to the people, right on!

Yeah, yeah, yeah, power to the people!
Power to the people!
Oh well, power to the people!
Power to the people, right on!
