

Yolanda Adams, Better Than Gold

Leader:

Sun comes up moon goes down
Heaven shine all around
It feels my heart and moves my soul
Because loving him is better than gold

Leader and Chorus:

(In his arms) dreams comes true
(And in his eyes) the world is new
(Diamonds beam) and yes silver glows (It glows)
(But loving him is better than gold)

He came (my way) when hope was (gone)
I never (knew) I could love (so strong)
I've walked some lonely roads before
(But now I search) no more

Cause this feels right I know its real
(The deeps truth has been revealed)
(All the joy that a heart can hold)
Oh yeah, yeah (loving him is better) than gold

Chorus:

(Than gold) 5x (better than gold)

Leader and Chorus:

I've walked some lonely roads before
(But now I search no more)
(This feels right) I know (it's real)
(The deeps truth has been revealed)
(He's all I need and all I know)
All I know is (loving him is better) than gold
(Loving him is better) than gold

Oh, oh, oh, oh
