

# Yolanda Adams, More Than Just A Melody

In the still of the moment; my voice can be heard  
So listen carefully; There's music inside each word  
I am the composer; Of the melody of life  
Take my yoke upon you'll learn of me; I'll be your guiding light

I am the director; Be part of my symphony  
I speak peace into the storms; Even the winds obey me  
Let me be your soul; You'll never have to walk alone  
I'll help you; Carry on... Carry on

I am the music; Within the inner ear  
Harken unto my voice; I'll declare I'll draw near  
I am the rhythm; To every beat of your heart  
If you place your trust in me; I'll never ever part  
Let me be your soul; You'll never have to walk alone  
I will help you; Carry on

When the notes are formed (and make)  
And make a special sound (music inside of music)  
Music inside the music (it lifts you when you are down)  
It lifts you when you are down (I'm more than)  
More than the beat of time (so much more than)  
More than the lyric more than the rhyme (I am more than)  
More than just a melody (more than just a rhyme)  
More than just a rhyme (I'm... more than just a melody come on to me---come on to me)  
(Ad libs)

More than just a melody  
I am your closest friend I'll be there to the end  
More than just a rhyme  
Shelter in the time of storm and you'll never have to be alone ah yeah  
More than just a melody  
Troubles will last always when you realize that I am  
More than just a rhyme  
You don't have to be alone when you realize that I am so much more  
More than just a melody  
I'm more, I'm more than a rhyme more than the melody more than the beat of time  
More than just a rhyme  
You won't have to face each day alone because I am more  
More than just a melody  
More than just a song you sing; More than the beat  
(More than) More than just a melody  
More... than anything that you've experienced in this life  
More than just a melody  
More.....than  
More than just a melody (fade out)
