

Yoomii, A Kiss Is All Miss

A kiss is all I miss
give me just one
one little kiss give me one more kiss
is all I miss
one little kiss I live for this
give me one more kiss(lalala...)
one little kiss(lalala...)
one little kiss.
I,I wonder why
Im flying high
its because you by my side
this feels so right
a beautiful night
and we see the perfect sky
hey pretty baby
I cant take my eyes of you
and hey there is only
one more little thing to do.
A kiss is all I miss
give me just one
one little kiss
give me one more kiss
is all i miss
one little kiss I live for this
give me one more kiss(lalala...)
one little kiss(lalala...)
one little kiss.
I hope every day
that you could stay
you were not so far away
this is a dream
but i live for a day
you come back to me
and say there is only
one more little thing to do.
A kiss is all I miss
give me just one
one little kiss
give me one more kiss
is all I miss
one little kiss I live for this
give me one more kiss(lalala...)
one little kiss(lalala...)
one little kiss
(hey pretty baby I cant take my eyes of you)
one little kiss, one little kiss.
A kiss is all I miss
give me just one
one little kiss
give me one more kiss
is all i miss
one little kiss I live for this.
