

You Am I, Ain't Gone And Open

Wide eyes show white
White enough to shoot
But if you ain't got the strength to fight it
and you just can't hide it
And I ain't gonna open my eyes anymore
ain't gonna open my eyes anymore

Pale faces burn.
I would've thought by now we'd learn
But every fool still waits their turn in
the rotisseries turning

Well I ain't gonna open my eyes anymore
I ain't gonna open my eyes anymore
I ain't gonna open my eyes anymore
