

Youngstown, Machine

I'm not a machine... (echos)

Verse 1:

Tell me can I live my life

Doing what I feel is right

I don't need you to hold my hand

The last time I checked I was a grown man

I got my own opinion and I know what's best for me

I do what I want when I want and that's how it's gotta be

Chorus:

I'm not a machine no you can't control me

Don't just think you can turn me on and off as you please

I'm not a machine you're making me overheat

Love me for who I am not who you want me to be

I'm not a machine

Verse 2:

Tell me can I do my thing

Without you calling my name

Asking me where I'm going, where I've been

When I'm leaving, why I came

Can't chose my own clothes go where I wanna go

I'm not a toy for you to command I'm not under your control

Girl why can't we just live equally oh girl it would be so nice

Instead of you giving an attitude and trying to run my life

Chorus:

I'm not a machine no you can't control me

Don't just think you can turn me on and off as you please

I'm not a machine you're making me overheat

Love me for who I am not who you want me to be

I'm not a machine

Oh...yeah...

I'm not a machine, oh....

Yeah

Chorus:

I'm not a machine no you can't control me

Don't just think you can turn me on and off as you please

I'm not a machine you're making me overheat (whoa)

Love me for who I am not who you want me to be (want me to be)

I'm not a machine

I'm not a machine no you can't control me

Don't just think you can turn me on and off as you please

I'm not a machine you're making me overheat

Love me for who I am not who you want me to be

I'm not a machine

I'm not a machine (echos to end)
