

# Your Hero, Interlude (Breathing Walls)

Look around the walls are breathing  
The clouds are trying to sweat out all they can ... and so are we  
A heart is broken, tears are frozen,  
Took so long to rescue ... take me (there to)  
To face my soul  
(GO)  
(GO)  
This parting has come to an end (an end)  
To break me, bring me down  
(GO)  
I am ready to go (I am ready to go...)  
(Incoherent screaming)  
I am ready to forget you (I am ready to forget...)  
No more.  
[Spoken Outro]  
Just leave me  
...and let me go.
