

# Youth Alive, Deeply In Love

In my life You've heard me say  
I love you  
How do I show you it's true  
hear my heart, it longs for more of you..  
I've fallen deeply in love with you..

You have stolen my heart  
I'm captivated by you  
Never will you and I part  
I've fallen deeply in love with you

You and I, together forever  
Nothing can, stand in the way  
My love for you, grows stronger  
each new day.  
I've fallen deeply in love with you

You have stolen my heart  
I'm captivated by you  
Never will you and I part  
I've fallen deeply in love with you

You have stolen my heart  
I'm captivated by you  
Never will you and I part  
I've fallen deeply in love with you
