

YukseK, The Edge

Living on the edge /16x

How was the night? Where did you go?
How was the fight? Is it someone I know?
Now we're coming out, playing for the show
Now we stop the time, please let me know

Carry me back girls we like to clap
Drums on my back, offline
Now we're coming out, playing for the show
Now we stop the time, please let me know

Living on the edge of time /10x

Lycky guys on road, two weeks ago
But for tonight we don't know where to show
Now we're coming out, playing for the show
Now we stop the time, and now we keep the line

And now we stop the time, and now we keep the line
