

Yung Bleu, Confirmation

Makin' love to you
Feel so strange now
'Cause we done got so distant
And I just don't know how
But I know that he don't make you feel
How you supposed to feel
And I'm hopin' you can see this clearly
Just call my phone when you in my city

'Cause I need you and you need me
Head on my chest, I feel you breathin'
Better fuck me good, don't tease me
She said, I can show you a few things, so watch me pop, pop, pop, pop, pop it just like this (Pop it just like this)
Pop, pop, pop, pop, pop it just like this (Ooh, just like this)
