

Yung Bleu, No Promises

Aye, now my heart den broke before can't fall in love with ya
And I thought I told you girl I'm just a thug nigga
Baby I can't make no promises, no promises

And it ain't no second chance you broke your promises
Young nigga like me I swear you ain't gone find that shit
Tried to show yo ass the world but you were blind and shit
Ain't gotta go through your phone I know you lien and shit
You keep on selling dreams nobody buying that shit
