

# Yung Bleu, Pooty Tang

If we fuck a couple times can you keep count?  
Suck a dick real good, got a deep mouth  
Slim thick, but her ass from the Deep South  
And I'ma hit her with the wood like a treehouse  
I can take a bad thing, turn her to a good thing  
She was in the Nissan, I was in the Mulsanne  
Now she in the Mulsanne  
Touching on her body, on her body  
'Cause you know we finna do things (Ugh)  
I got her in the club shaking ass like a boomerang  
When I throw this money, throw it back like a boomerang  
Face down, hit her with this belt like I'm Pooty Tang  
And I just fucked a IG model, ain't know her name  
You want this money, you gotta strip for me  
You want this money, you gotta strip for me  
It ain't tricky, if you got it, got some racks on me

Suckin' and fuckin', throw it back, rewind in  
Come hop in the jet, I got the seats reclining  
I know she love it, I got on all the diamonds  
Soon as she throw it, I gotta grab it from behind and (Woah)  
Throw a couple hundreds on the floor  
Gott bitch at the Blue Flame  
She know how to work it  
Don't be fucking up a good thing  
Give me a lil' service
