

# Yung Lean, Bliss (ft. FKA twigs)

Bliss on bliss on bliss on  
Bliss on bliss on bliss on

They key and the gate is in Leanworld  
And I'm the kingdom all night, got the key, girl  
Splash, splash, splash, so icy like the Sea World  
Cuts in her arm, here I go make secrets  
City still blue, yeah, like the summer was  
In my eyes bright lights, you can tell it was  
See me going in, baby, you can still have it all  
Need the white trips in the night when the night fall  
And you know I want it, I can't hide it  
(I have you where I wanted)  
(Can't try, can't try, can't try, can't deny it)  
Run, running  
(Run from the love, not here for the violence)  
(Because I have you as my friend)  
And we got each other like bones and blood  
And we got each other like brothers in mud  
Like brothers in mud (Oh yeah, but I)

Pray to God, you're good for me  
I want your bliss on bliss and little company  
I only want it when it feels like this  
I only wanna feel the bliss on bliss (Bliss on bliss)

You don't know me or the shit I'm in  
Like the exorcist, I'm making heads spin again  
Flash, flash, flash, flash, flash, flash  
Leandoer in the club, yeah, you find him in the back  
Back of the club when the lights go down  
Sniffing glue and I'm seeing sounds  
I'm really stuck here, I can't escape  
Like a game, like a game where I can't escape  
And the city still blue, yeah, like the summer was  
Fucked up last summer, I can't get enough  
This steel in my head like a sword cut  
I can't explain

Room 654, you said you'd meet me at the hotel  
I be in and out, but I'm going in the bliss  
Bliss on bliss on bliss on (Oh yeah, but I)

Pray to God, you're good for me  
I want your bliss on bliss and little company (Bliss on bliss on bliss on)  
I only want it when it feels like this  
I only wanna feel the bliss on bliss  
Pray to God, you're good for me  
I want your bliss on bliss and little company (Bliss on bliss on bliss on)  
I only want it when it feels like this  
I only wanna feel the bliss on bliss (Bliss on bliss)

Problems come calling, everything hostile  
Probably a the way I live my lifestyle  
Crushing in my song, worry in my head  
Was gone for a second but I'm back from the dead  
Gone for a second but I'm back from the dead  
Gone for a second but I'm back from the dead  
Bliss on bliss on bliss on

Room 654, meet me at the hotel  
Meet me at hotel (Bliss on bliss on bliss on)  
Room 654, meet me at the hotel  
Meet me at hotel (Bliss on bliss on bliss on)

Gone for a second but I'm back from the dead  
Bliss when you feel this  
Gone for a second but I'm back from the dead  
Bliss when you feel this  
Bliss on bliss on bliss on  
Bliss on bliss  
Bliss on bliss  
Bliss on bliss on bliss on  
Bliss on bliss  
Bliss when you feel me  
Stardust  
Bliss on bliss on bliss on
