[Verse 1:]

I can't be dumb, not with my money
I'll stack it up hit the lot and buy somethin
745 now I'm lookin so good
I can go anywhere cause a nigga so hood
Trap so connected I'm on line like the internet
He say she say a gangsta don't hear any of that
Put the kush back blowin strong like some percocet
Still affiliated with the mid and purple pac
Money money money, I gotta get plenty
I throw that ross in then I push it to the limit
I hit off da street get some gators and some linen
I fall off in the club then I jump on me some women
We gon get a suite then we drink us up some remy
If she wanna roll I got more pills than a clinic
I trap all day, club all night long
If my phone on I'll be all right so

[Hook]

[Verse 2:]

Just to clear the rumors I get my own money
Since I was a kid I been gettin that grown money
Stacks comin in work goin out
O my god I killed em in the drought
I be on ward, I be on oak
Still in the south, still in the 4
Ay- what's hannanin thomasville
What's up mechanisville
Inglewood, boulevard, tell me what it is
I see ya pittsburg, I hear ya summer hill
Real hustlers gettin money you know what it is
I see ya west side, I see ya east side
This for all my real trappers on each side
All my shelves in the kitchen gon cook them yams
All my niggas with the green gon move the ground
Zae token on the beat o it's goin down
It's yung ralph juug man, reppin, stay down
