

Yvonne Catterfeld, I Believe

Don't you know...
You're my everything
My Shenandoah
My sweet escape
Don't you think...
that one mistake could every make turn and walk away
Even though, you think the riches burn
Let's take it slow
Cause the phone might hurt
Hurt the pride...
And that's enough for me
My dignity can take the ride
Cause I...
I believe, I believe, I believe
in the power of truth, baby
I believe, I believe, I believe
in you... yeahiyeh
Life's about the simple things
