

Zakk Wylde, Fire It Up

Fire it up
Let the engines roll
It's time to burn it down
Keep bleeding on 'til the day you die
Forever love it loud
Yeah

Hellfire, doom
Watch the hatred spin
Beyond the speed of sound
Fire it up
Let the engines roll
It's time to burn it down

Keep moving on, Keep moving on, Keep moving on

Keep moving on, Keep moving on, Keep moving on

Face your fear
Accept your war
It is what it is

Face your fear
Accept your war
Oh Yeah
