

Zara Larsson, Only You

I don't wanna shower even if I stink
'Cause I don't wanna wash you off, wash you off my skin
It's been about an hour
And I'm still trembling, oh
Feelin' you deep, feelin' you deep within, eh

Opened bottles on the drawer
Rolling papers on the floor
Yeah, don't want no cigarette yet
Don't want no drink in my breath, yeah
Wanna taste your taste some more
Feel you pourin' through my pores
Yeah, I'm goin' back in my bed
To play it back in my head

'Cause I can't love nobody like I love myself
Like I love myself
Only you, eh
No one's ever touched me like I touch myself
No, nobody else
Only you, only you
Only you
