

# Zara Larsson, Only You

I don't wanna shower even if I stink  
'Cause I don't wanna wash you off, wash you off my skin  
It's been about an hour  
And I'm still trembling, oh  
Feelin' you deep, feelin' you deep within, eh

Opened bottles on the drawer  
Rolling papers on the floor  
Yeah, don't want no cigarette yet  
Don't want no drink in my breath, yeah  
Wanna taste your taste some more  
Feel you pourin' through my pores  
Yeah, I'm goin' back in my bed  
To play it back in my head

'Cause I can't love nobody like I love myself  
Like I love myself  
Only you, eh  
No one's ever touched me like I touch myself  
No, nobody else  
Only you, only you  
Only you
