I just couldn't play  
The song of Srmene  
I just couldn't play  
The song of Srmene  
I just couldn't taste  
Fried anchovies  
Come, come to my side  
Let's go to the seashore  
I just couldn't taste  
Fried anchovies  
Come, come to my side  
Let's go to the seashore

Srmene is far away  
We have fallen in a trap  
Srmene is far away  
We have fallen in a trap  
In our village this year  
Many weddings will occur  
Come, come to my side  
Let's go to the seashore  
In our village this year  
Many weddings will occur  
Come, come to my side  
Let's go to the seashore

My lover went to the woods  
All wet he came back  
My lover went to the woods  
All wet he came back  
The trees let me ask  
Which one did he lean on  
Come, come to my side  
Let's go to the seashore  
The trees let me ask  
Which one did he lean on  
Come, come to my side  
Let's go to the seashore

The trees let me ask  
Which one did he lean on  
Come, come to my side  
Let's go to the seashore  
The trees let me ask  
Which one did he lean on  
Come, come to my side
