

Zebrahead, Veils And Visions

I crash so hard

Fall so low

Just when things look right

That's when you know that I'm alone

I take the chance

To lose it all

Take a look around me

And you'll see where I have stalled

This is the last time that I'm sayin'

And here's the end

Of the night

Of the line

Won't somebody save me?

Here's the time

Time for more

Time for everything and anything

It's alright

It's alright

And we go on and on and on and on again

The rooms on fire

You lock the door

Your new way of thinking will not get

Me off the floor

Take this time

To take a fall

I've given you my best

And now you won't see that at all

This is the last time that I'm sayin'

And here's the end

Of the night

Of the line

Won't somebody save me?

Here's the time

Time for more

Time for everything and anything

It's alright

It's alright

And we go on and on and on and on again

Back beat

Everybody is changing

I'm so stuck and you are amazing

This is my low

You are the reason

Live to be numb

My fall is the season

Inhale the bullshit

Makes my skin itch but it gets me lit

Don't ya wish that the pieces fit

Like when we were kids

You can't bide lost time

Can't bide lost time

You can't bide lost time

Can't bide yours and mine

You can't bide lost time

Can't bide lost time

You can't bide lost time

Can't bide yours and mine

Mine

Here's the end

Of the night

Of the line

Won't somebody save me?

Here's the time

Time for more

Time for everything and anything

It's alright

It's alright

And we go on and on and on and on

On and on and on and on again
