

Zeeza, Devitions

Devotions (Zeeza)

Better watch your devotions
if you believe in love potions this way
I may not play

did she kiss you forcably?
did you freez in her extacy? tell me
baby did she?

I've got to know before I leave you
this dedicated love is vain and plain insane
from something I never gave you
was I blind was I insane
tell me, baby explain

chorus:

--

Did you need to satisfy something wicked in her eye?
was it magik was it scary?
was it worth the lost of me?
baby tell me

--

did this thing happen often?
or was it just for a while?
tell me, was it free?
did you see her lie naked?
was this holy sexuality for me?
baby tell me

was the kinja the excuse
to allow her to seduce you from me?
baby tell me
her tatoood kisses left a mark
while you were coming in the dark
it killed me I don't want to breath

Chorus

baby tell me
baby tell me
