

# Zendaya, My All

Are you up now?  
I can tell you're flirtin' with me  
All them games boys play  
Ain't working for me  
Only waste my time  
If they're certain to me  
Lot of boys online  
They're searchin' for me  
Whassup?  
Gotta couple options  
But my crush on you ain't going nowhere  
I'm really diggin' you  
But can you keep it real please  
To yourself If I tell you about me

What would you do  
Say now would you play games  
Then when things change,  
Would you cause pain

Would you be there?  
Always be there?  
For me!

I wanna give you my all  
I wanna give you my all

So that's good  
Tell me are you ready for me?  
We can rock now  
Wanna rock steady with me?  
Yeah, we can swag it out  
Like they do on TV  
Swag it on out  
Like the magazines  
They're thinkin' they're good  
Have the time of our lives  
But Dad will hunt you down  
If you aint't treatin' me right

You're the only one  
The only boy that I see  
The only that I'll call  
Or text 143

What would you do  
Say now would you play games  
Then when things change,  
Would you cause pain?

Would you be there?  
Always be there?  
For me!

I wanna give you my all  
I wanna give you my all

If you got my all  
Then you need my all  
Say "Aye"  
(A-aye!)  
If you dig this girl  
And you feel this girl  
Say "Aye";

(A-aye)  
If you treat me right  
Wanna hold me tight  
Say "Aye"  
(A-aye!)  
Let me hear you say "Aye"  
(A-aye!)  
Let me hear you say "A-a-a-a-aye";

But if I give you my all  
I wanna give you my all  
Oh yeah, for me  
I wanna give you my all  
I wanna give you my all
