

Zero 7, In Time

All the words are calling
Got time on my own
There's no destination
Wondering whether I'll feel it again

Keep my hands off the wheel
'Cause there's nowhere else to go

Take some time
Just hang around awhile
Like to sit this silent moment out
I don't want to lose or let you down
Time's just gonna change itself around

The autumn leaves are falling
Falling down on me
And there's nothing I can do
And there's nothing I can say
That's gonna change the way I feel

Keep my hands off the wheel
'Cause there's nowhere else to go

Take some time
Just hang around awhile
Like to sit this silent moment out
I don't want to lose or let you down
Time's just gonna change itself around

Take this time
Just hang around awhile
Like to sit this silent moment out
I don't wanna lose or let you down
Time's just gonna change itself
Change itself around

I feel it's true
All alone without you
I feel it's true
'Cause you're running with the wind
And you're running with your life
Won't you come inside

Keep my hands off the wheel
'Cause there's nowhere else to go

Take some time
Just hang around awhile
Like to sit this silent moment out
I don't want to lose or let you down
Time's just gonna change itself around
