

# Zeromancer, Mosquito Coil

Its looking out  
From inside  
A Christmas bonus  
To last forever  
You think you're ready dont you

Its a Mosquito Coil  
Where boys and girls  
Trying to stop  
their heads spinning  
A Mosquito Coil  
An instant supernova  
For beginners

Once you're in  
You cant get out  
Dashboard Jesus  
Has your number  
And please remember me  
In your circle of friends

What's killing you  
Is killing me  
One fling leads to another
