Give me one, give me two reasons why I should give a damn about you
we were good, yeah - we were great like that fire we will burn, we will not fade

(bridge)

did I make you smile - was it worth your while could it be another mistake - believe me now

(chorus)

I don't care oh no cause I need you so I don't wanna leave you baby don't want you to go
we were good oh yeah let me take you there baby let me hold you forever again

I hope you see the truth in me whatever they may say I will disagree
Stop! don't give in lovin' you eternally can't be no sin

(bridge)

(chorus)

I will love you from here to heaven UUU another galaxy I don't know
I can't live without you I'll give up the world for you I'm askin' you to stay
