

Zididada, Get Over It

Release date: 1. November 1999

Album: Welcome to Zididada

Monday morning I am off again
Longing for the week to end
got the time but no do to spend
fame and fortune won't be my friend
oh no here she go

Oh my love you just lost again
you don't know how to play the game
you don't know how to get over it

Standing in the welfare-line
wasting all my precious time
go get a job and you'll be fine
shove it where the sun don't shine

Everybody goes flagelagelag flagelagelag...

Working on my bride to be
hope that she will stay with me
playing her is pretty rough
well never seems to get enough

Oh my love you...
you dont know...
And everybody in the choir sings corny songs

Oh my love you...
