

# Zididada, Sitting On The Beach

Release date: 1. november 1999

Album: Welcome to Zididada

I'm a face full of pimples  
heavy lenses, hay-hair and bad breath mouth  
daft dressed, slow thinking  
and the rails on my teeth  
makes me wanna hide

I'm sitting on the beach  
watching the water  
how lonely I am longing for you  
I'm all alone out here  
watching the moonlight  
I'm sitting on the beach

Waiting for you baby baby  
you baby baby aaa  
(you're my sweetdream you're my fantasy)

You baby baby  
you baby baby  
(come on with me)

I'm a face full...

I'm sitting on the beach  
watching the fire  
how lucky I am holding your hand  
how perfect this is now  
watching your eyes glow  
I'm sitting on the beach

Kissing with you...

I'm a face full...
